ASP Update (Revised) – July 2005

News:

ASP Seminar Coordinators Needed
Thank you to Christiane Jablonowski and Ben Johnson for coordinating the 2004-2005 ASP Seminar Series. We are in need of new coordinators for the 2005-2006 Series. The job involves selecting speakers and inviting them, publicizing the seminars (mainly sending announcements via email, Scott Briggs also helps with this side of things), and hosting the seminars themselves. The seminars are usually once a month from September to May or June (9 or 10 in total). The choice of speakers is entirely that of the seminar coordinators, though the aim is to choose speakers from a range of science backgrounds that span the areas of scientific interest within ASP and NCAR as a whole. It is also good to get well known speakers, and to invite speakers from outside NCAR. One note: the Seminar Series Coordinators must be postdocs. If you are interested in taking on this role, please contact Scott Briggs (sbriggs@ucar.edu).

Phil Thompson Lecture Series
Thank you all for your participation in and hard work for the Phil Thompson Lecture Series Activities this week with Anne Thompson. Julia Slingo has accepted our invitation to participate in the series, but she will not be able to come to NCAR until the fall. We will let you know the dates as soon as they are finalized.

Education and Outreach Committee
There has been a lot of interest in education and outreach activities this year among the postdocs. We would like to get an Education and Outreach committee going as soon as possible. Please let Paula Fisher (paulad@ucar.edu) know if you are interested in pursuing education and outreach activities. Remember, we have a budget this year!

New Postdocs
Please welcome our two newest postdocs who just started in June:

- Sou Matsunaga (ACD), smatsu@ucar.edu, x1869
- Hugh Morrison (MMM), morrison@ucar.edu, x8916
