

ASP Update – January 2006

News:

2006 Faculty Fellowship Program

The ASP sponsors a sabbatical exchange program called the Faculty Fellowship Program. The program provides opportunities for NCAR scientists to spend time in residence at a US university, and/or for faculty members at universities to spend time in residence at NCAR. Please feel free to pass along information about this program to your university colleagues. More information can be found at:

<http://www.asp.ucar.edu/ffp/> .

Research Reviews

After an extended break for the holidays, Research Reviews are starting back up again. It looks like we still need a second speaker on January 25th. Please contact Ada (ada@ucar.edu) if you would like to sign up.

Upcoming Holiday

Please note that Monday 16 January is a holiday in observance of Martin Luther King Day.

Postdoc News

- ASP postdoc Ilan Kelman will be giving an ISSE Coffee talk entitled “Disaster Research and its Application” on Tuesday, January 10th at 10am in room 2133 FL1.
- Rafael Manso-Sainz has completed his ASP fellowship and will be working at the Instituto de Astrofísica de Canarias in Tenerife.
- Shui Bin is also wrapping up her fellowship/visiting scientist term at NCAR and will be joining the Washington DC Office of the Pacific Northwest National Laboratory. Shui was featured in a recent BBC News article entitled “Trade can 'export' CO2 emissions.” You may find the article here: <http://news.bbc.co.uk/2/hi/science/nature/4542104.stm> .
- Also, please welcome Peter Lauritzen who began his fellowship on 3 January in CGD.
