ASP June Social: A trip to Jeffco to tour the facilities and aircraft

Tuesday, June 19th @ 2:30 pm

We watched the HIAPER video in May, now check out the aircraft in person on Tuesday June 19th at the JEFFCO facility in Broomfield. An RSVP will be required to attend this event and it will be limited to the first 30 people who respond to Paula (paulad@ucar.edu).

We are seeking volunteers to help coordinate rides from the campuses. I'm hoping that one person from each campus will volunteer to coordinate transportation. That may involve carpools, or we can use an NCAR shuttle if needed. Please respond to Paula.

Keep in mind that all NCAR postdocs and graduate students are invited to attend and volunteer to coordinate rides (not just ASP!).

New Salaries effective June 1st

Effective June 1st, the salaries for Postdocs will be:

First Year Postdocs (Postdoc I): \$51,000/year

Second Year Postdoc (Postdoc II) \$53,000/year

These salaries are for all postdocs, not just ASP postdocs.

Fellows Association

The fellows association will have a gathering this month if it works out with schedules. Watch the email list for details, or propose to set one up yourself at your favorite hangout.

Postdoc and Grad Student News

Sou Matsunaga was the recipient of the Promotional Award for Young Scientists from the Japan Society of Atmospheric Chemistry in January of 2007. Congratulations Sou!

Also, Congratulations to Yue Deng, who is the 2007 recipient of the annual Ralph B. Baldwin Prize in Astrophysics and Space Sciences from the University of Michigan for her thesis. The Baldwin Prize honors the most outstanding thesis in these sciences each year.

In other news, Sou will be returning to Japan in June to take a position as a researcher with the Japan Petroleum Energy Center. Best of luck!
